                                          nvaralakshmi854@gmail.com

CARRIER OBJECTIVE:

To make a good position in the corporate world and work enthusiastically in team to achieve goal of the organization with hard work and determinant.

TECHNICAL SKILLS

- ➢ Programming Languages: **JAVA**
- ➢ Web Technologies: **HTML, CSS, Javascript.**
- ➢ Proficient in IDE: **Eclipse, Visual Studio Code.**
- ➢ Development tools known: **Notepad++.**
- ➢ Version Control: **Git Hub.**

TRAINING

Pursuing Java Enterprise Application development software training in **X-workz** at Bangalore.

EDUCATION QUALIFICATION

Completed Bachelor of Engineering in the Stream of Electronics and communication engineering at SJCIT, Chickballapur with 66.50 percentage

TECHNICAL SUMMARY

CORE JAVA

- Understanding of platform independent.
- Good at class and objects
- knowledge on Features of Java, looping statements, control statements
- Understanding of Data types, Variables, Parameters & Arguments.
- Knowledge on Keywords**.**
- Fair Knowledge on Method, Method Overloading, Method Overriding.
- Good understanding on String, Arrays.
- Knowledge on Wrapper class
- Good understanding on Constructor, Constructor Overloading.
- Understanding of Enum.
- Knowledge on fundamental principles of OOPs
  - ➢ ABSTRACTION
    Hide implementation provides only functionality, Abstract class, Interface, Achieving Multiple Inheritance, Example of Abstraction is Iterator in collection.
  - ➢ INHERITANCE
    Understanding of extends keyword, Super class and sub class, types of inheritance, Diamond problem
  - ➢ ENCAPSULATION
    Hiding data members by using private keyword, giving control access to data members by using setters , read only and write only code.
  - ➢ POLYMORPHISM
    Types of polymorphism, achieve by method overloading and overriding.

- Basics at Exceptions and Exception Handlings
- Understanding on Exception and Exception Handling.
- Knowledge on Collection Framework, hierarchy of Collection Framework, iterator, list iterator.
- Knowledge on DAO, DTO, CRUD.

WEB-TECHNOLOGIES

- HTML: Tags, Attributes, Elements, Audio/Video, Table Creation, Images, List.

- CSS : Creating Survey forms, Margin, Border, Colors, Background, Height/Width, Padding, Selectors, Position.

- BOOTSTRAP: Icons, Buttons, Alerts, Grid Basic Containers.

- JAVASCRIPT: Syntax, Variables, operators, for loop, Data types, Functions, String Methods, Objects, Events.

INTRENSHIP

- Undergone one-month internship training on "Embedded Systems" in Vitvaraa Electronics Private Limited.

PROJECT

Title: Smart Infantry Bassinet using real time system in IOT

Domain: Embedded C

Description: Bassinet provides security and comfort to the infants by providing allfacilities to the baby by getting notifications to the parents.

EXTRA CURRICULUM ACTIVITIES

- Certificate of appreciation for participating in VLSI design using verilog HDL workshop.
- Certificate of appreciation for participating in one-month ZESTACH and for completing the project.
